Once again, *Germany Trade & Invest* will be the German Embassy's official partner for the annual Day of German Unity reception in Washington, D.C. on October 6, 2015. Together with more than 2,500 guests, we want to celebrate 25 years of successful reunification in Germany. Since 1990, the new federal states have developed into a very attractive and innovative business location in the heart of Europe. Germany can score with state-of-the-art infrastructure, high productivity and a highly qualified and motivated workforce. Only recently, EY identified Germany as the most attractive investment location in Europa. Join us to get an idea of the country's strength and diversity – economically as well as culturally.

Representatives of *Germany Trade & Invest* will be more than happy to advise you on locational advantages and investment opportunities in Germany, especially in Eastern Germany. Please stop by our booth or contact our representatives to arrange an appointment in which we:

- introduce our agency and its services
- present direct investment opportunities for entering the German market
- discuss the most recent developments and data in the German industrial landscape, technology trends as well as R&D
- provide you with an overview of public funding schemes and incentive programs

Representatives of the federal states' economic development agencies will also be there to answer your questions.

On the occasion of the 25th anniversary of the German reunification, the attendance of high-ranking US and German politicians might also be expected.

By invitation only!

We look forward to meeting you in Washington D.C.!
