The Japan Germany Industry Forum (JGIF) is the *Germany Trade & Invest* event with the greatest level of publicity and visibility abroad. With an annually changing industry focus, the forum highlights the multifaceted and outstanding position German industry enjoys within the European market. As well as presentations outlining the general framework conditions for investment in Germany, both German and Japanese companies are provided with a platform to present their current and planned activities in their respective industries. Under the topic "Next-Generation Manufacturing Technologies", this year's events will particularly focus on additive manufacturing, 3D printing and laser technology.

City	Date	Location

A longstanding commitment to activities in Japan and the high level of visibility associated with these events regularly results in the active participation of more than 200 distinguished guests from business and politics.

Please contact our representative to arrange an appointment in which we:

- introduce our agency and its services.
- examine and discuss current trends and business opportunities.
- present direct investment opportunities for entering the German market.
- provide you with an overview of public funding schemes and incentive programs..

All inquiries are treated confidentially and, since we are a publicly funded foreign trade and inward investment agency, all investment services are available free of charge.

We look forward to meeting you in Tokyo!

We are afraid we had to close registration for Tokyo due to too many applications.

A second event will take place [in Nagoya on November 12, 2015 ▶](#). There, we still have places available and your application would be most welcome.
